Blue Spray Pattern Indicator

Blue Spray Pattern Indicator

- blue liquid colourant
- non-staining technology
- non-hazardous
- will not permanently stain skin

Blue Spray Pattern Indicator is a proprietary colourant blend used as a visual aid to help determine areas that have been covered by the application of: pesticides, fertilizers, and PGR foliar applications on turfgrass and other non-crop vegetation sites. Turf Pride Blue Spray Pattern Indicator is suitable with many types of spray equipment.

Turf Pride Blue Spray Pattern Indicator is blue and leaves a temporary visual identification of the areas already treated by the applicator. Turf Pride Blue Spray Pattern Indicator helps avoid overlapping spray applications and ensure that no areas are missed.

CAUTION: Keep out of reach of children.

Direction for use:

For use on turfgrass and other non-crop vegetation sites. Not intended for edible crops.

Recommended rates:

Add **Blue Spray Pattern Indicator** to the spray tank after all other chemicals. Agitate as appropriate.

Equipment	Application	Rate
Spray Tank	Turf	188 - 250 ml / 100 L of spray solution
Backpack		8 ml / L of spray solution

IN CASE OF EMERGENCY OR SPILL, Contact CHEMTREC 1 800 424-9300.
